Consultant / Resident – Obstetrics and Gynecology (MS OBGYN)

Hiring organization
Mediversal Hospital

Description

Mediversal Multi Super Specialty Hospital is currently seeking a skilled and compassionate MD – Obstetrics and Gynecology (OB-GYN) doctor to join our esteemed team of healthcare professionals. As an OB-GYN, you will play a vital role in providing comprehensive medical care to women, focusing on reproductive health, pregnancy, childbirth, and related disorders.

Date posted
March 9, 2024

Responsibilities

- **Women's Health Care:** Provide expert medical care to women across all stages of life, including routine gynecological exams, contraceptive counseling, and management of reproductive health issues.
- **Obstetric Care:** Monitor and manage the health of pregnant women throughout their pregnancy, including prenatal care, performing ultrasounds, managing high-risk pregnancies, and overseeing labor and delivery.
- **Gynecological Surgeries:** Perform a variety of surgical procedures related to gynecology, including minimally invasive surgeries, hysterectomies, ovarian surgeries, and treatment of gynecological cancers.
- **Reproductive Medicine:** Offer counseling and treatment for infertility issues, including fertility assessments, fertility-enhancing medications, and assisted reproductive technologies such as in-vitro fertilization (IVF).
- **Diagnose and Treat Gynecological Conditions:** Evaluate and manage gynecological conditions and disorders such as endometriosis, polycystic ovary syndrome (PCOS), pelvic pain, abnormal bleeding, and urinary incontinence.
- **Contraceptive Management:** Provide comprehensive contraceptive counseling, including discussing various birth control options and assisting women in selecting the most suitable method based on their individual needs and preferences.
- **Cancer Screening and Prevention:** Perform cancer screenings, such as Pap smears and mammograms, and provide counseling on cancer prevention, risk reduction, and early detection.

Qualifications

- Medical degree (MS / MD) with specialization in Obstetrics and Gynecology.
- Valid license to practice medicine and board certification in Obstetrics and Gynecology.
- Proficient knowledge and clinical expertise in the diagnosis and treatment of gynecological conditions and obstetric care.
- Excellent communication and interpersonal skills to effectively interact with patients, their families, and the healthcare team.
- Compassion, empathy, and sensitivity in dealing with women's health concerns and reproductive issues.
- Strong surgical skills and experience in performing gynecological surgeries.
- Commitment to ongoing professional development and staying updated with the latest research and advancements in obstetrics and gynecology.
- Ability to work collaboratively in a team-oriented environment.

Job Benefits

We offer a competitive salary package, comprehensive benefits, and a supportive work environment focused on patient care and professional growth. If you are passionate about women's health, obstetrics, and gynecology, and dedicated to providing high-quality medical care, we invite you to join our team of exceptional OB-GYN professionals.
